Dear Coach and/or Team Manager;

The 2006 OAME/Union Gas Ontario Mathematics Olympics (OMO) will be held in Scarborough (Toronto) this year hosted by S.A.M.E. The contest will be held on Saturday, May 27th

The event will be held at University of Toronto Scarborough Campus (1265 Military Trail, Toronto). Students, coaches and competition staff will be housed in the University residence housing.

We will be providing dinner and a snack on Friday. The Saturday meals include breakfast, a mid-morning snack and lunch. A form requesting any dietary needs and/or pertinent medical information will be provided at a later date. Health card information must be available for each participant.

You are reminded that the rules of the competition state each team must consist of two female and two male participants and these should be two grade seven and two grade eight students. We are unable to accommodate extra members.

If you are interested in entering a team, please contact your local chapter's Ontario Math Olympics representative to find out how to become involved. Please be aware that the deadline for your chapter's team to be entered is March 30.

Please feel free to contact me with any inquiries at the e-mail address provided below. We look forward to seeing you and your team(s) in May.

Sincerely,

Debbie Drape
S.A.M.E. Executive
